

**Comments for pcDNA2.1:**  
2971 nucleotides

Polylinker: bases 10-115  
ColE1 origin: bases 471-1144  
Ampicillin resistance: bases 1289-2149  
f1 origin: bases 2336-2790  
*lacZ* gene: bases 2791-348  
T7 promoter: bases 2955-3

B-180313

The sequence of pcDNA2.1 has been compiled from information in sequence databases, published sequences, and other sources. This vector has not yet been completely sequenced. If you suspect an error in the sequence, please contact Invitrogen's Technical Services Department at 800-955-6288.
